

CONSERVATION STORIES	
Conservation Approach	
Characters: What individuals and organizations were involved?	
Setting: Where did this effort take place? In what type of habitat?	
Problem/Issue: What problems were they hoping to solve?	
Solutions: What solutions did they come up with?	
Plot: How did this story begin? What were their first steps?	
Plot: What challenges did they face? How did they overcome them?	
How did they utilize Indigenous knowledge, science, and/or technology?	
Resolution: How did they know their efforts were successful? Is the effort ongoing?
